

EVERY DAY COUNTS

IN
KINDERGARTEN

This book belongs to

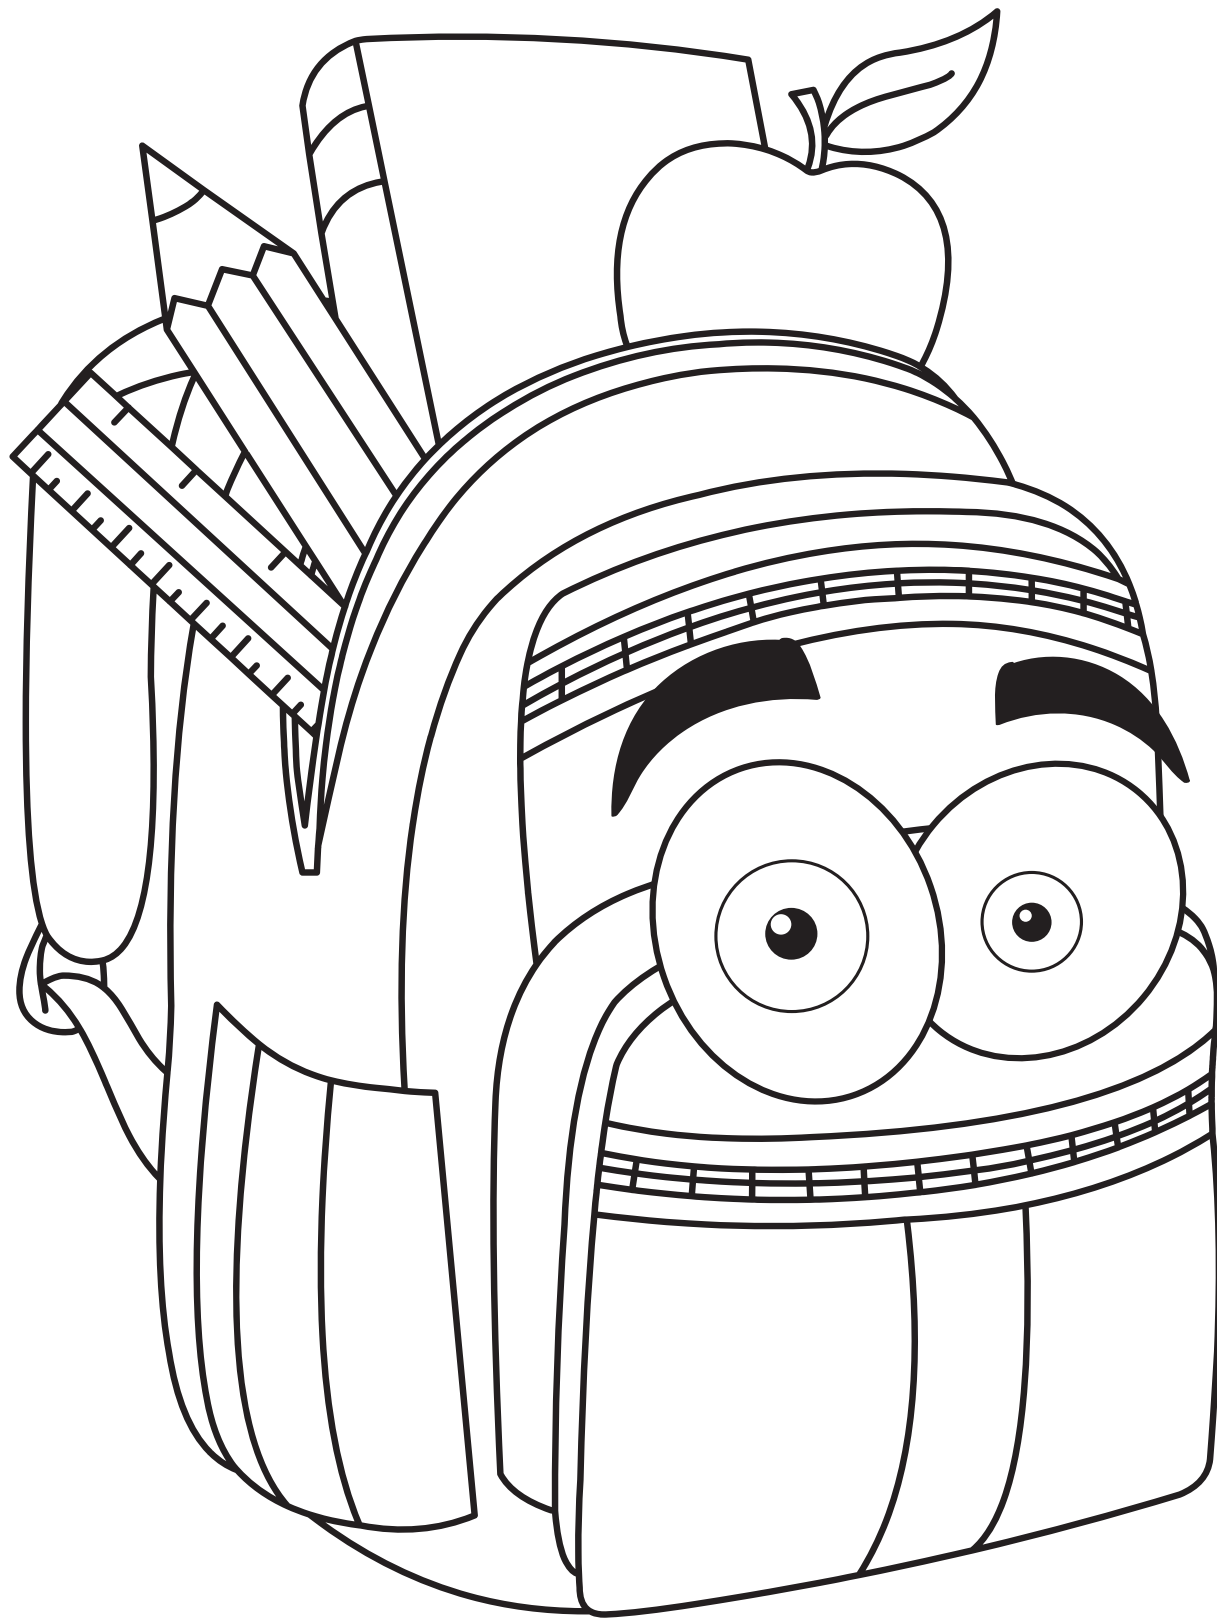

On the first day of kindergarten,
we heard Mrs. Smith say:

Here are tips to help get you
to school every day!

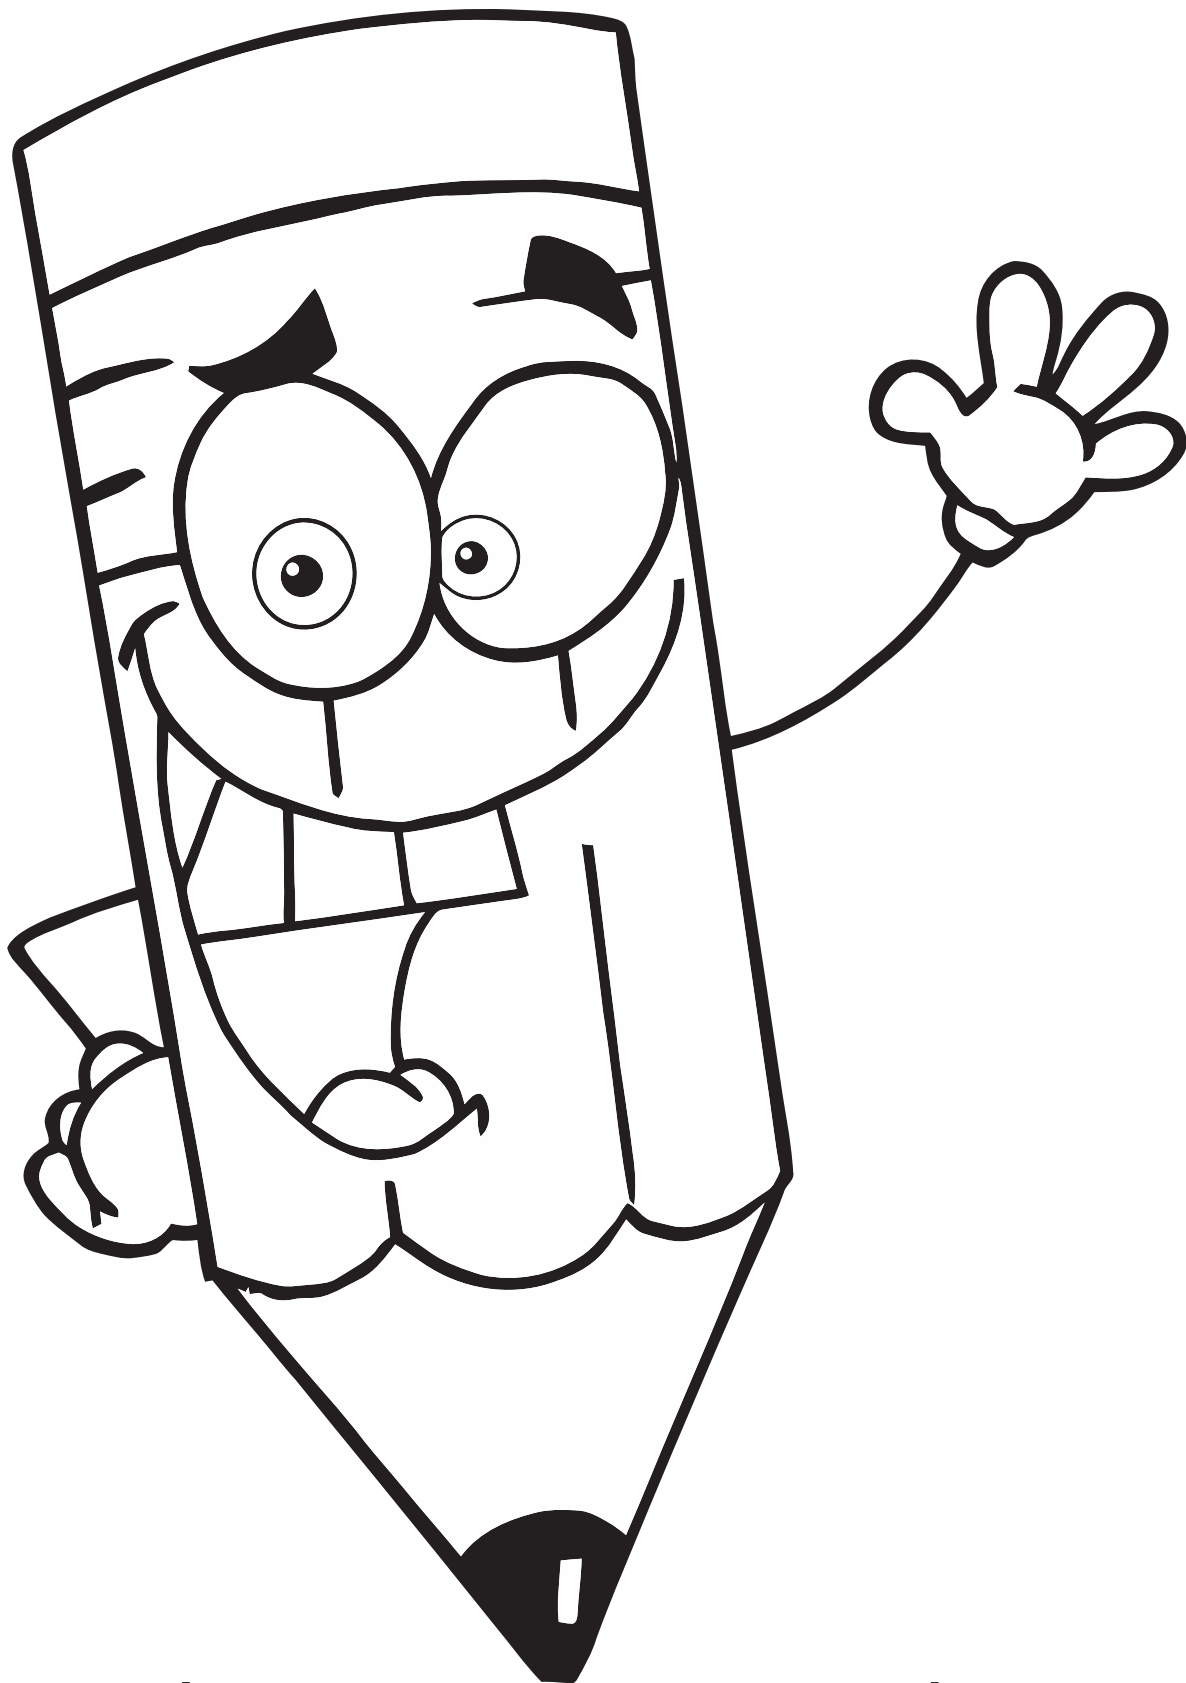

Lay out your clothes and your backpack the night before...

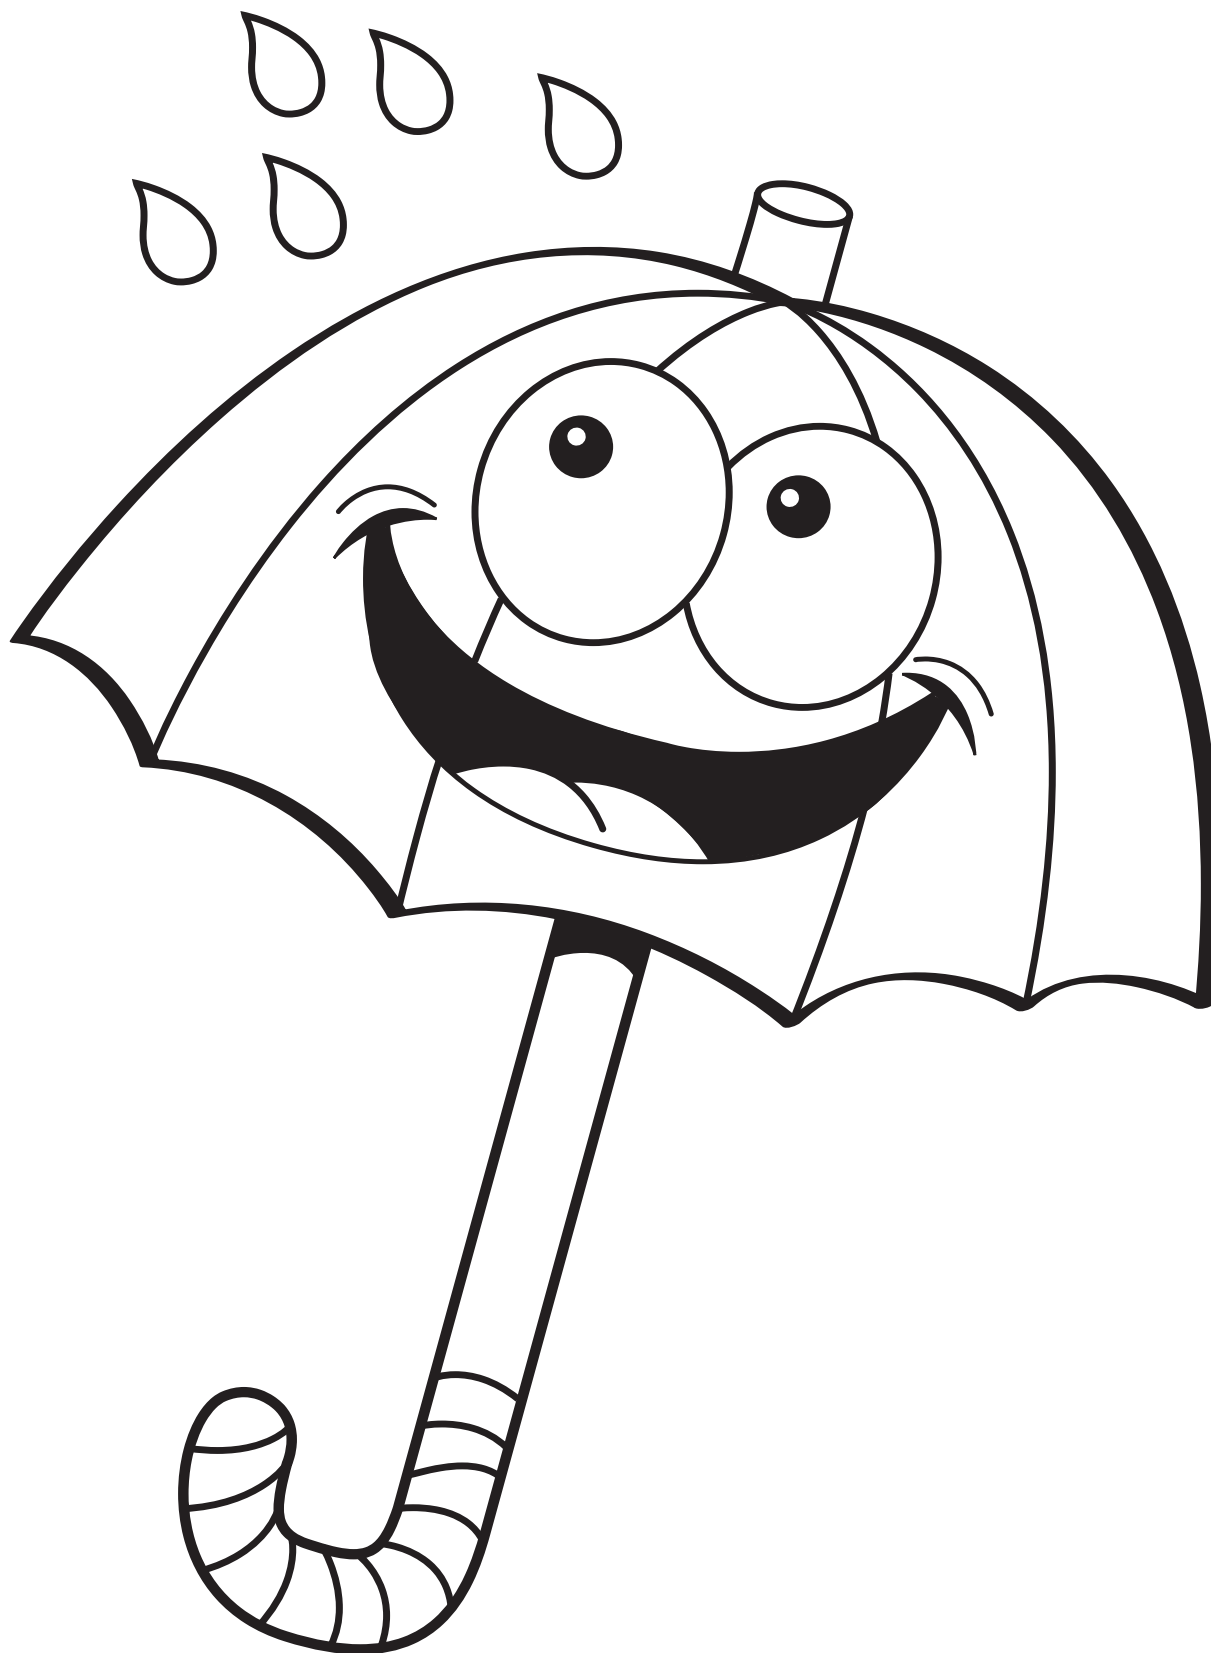

...and make a morning routine
to get out the door.

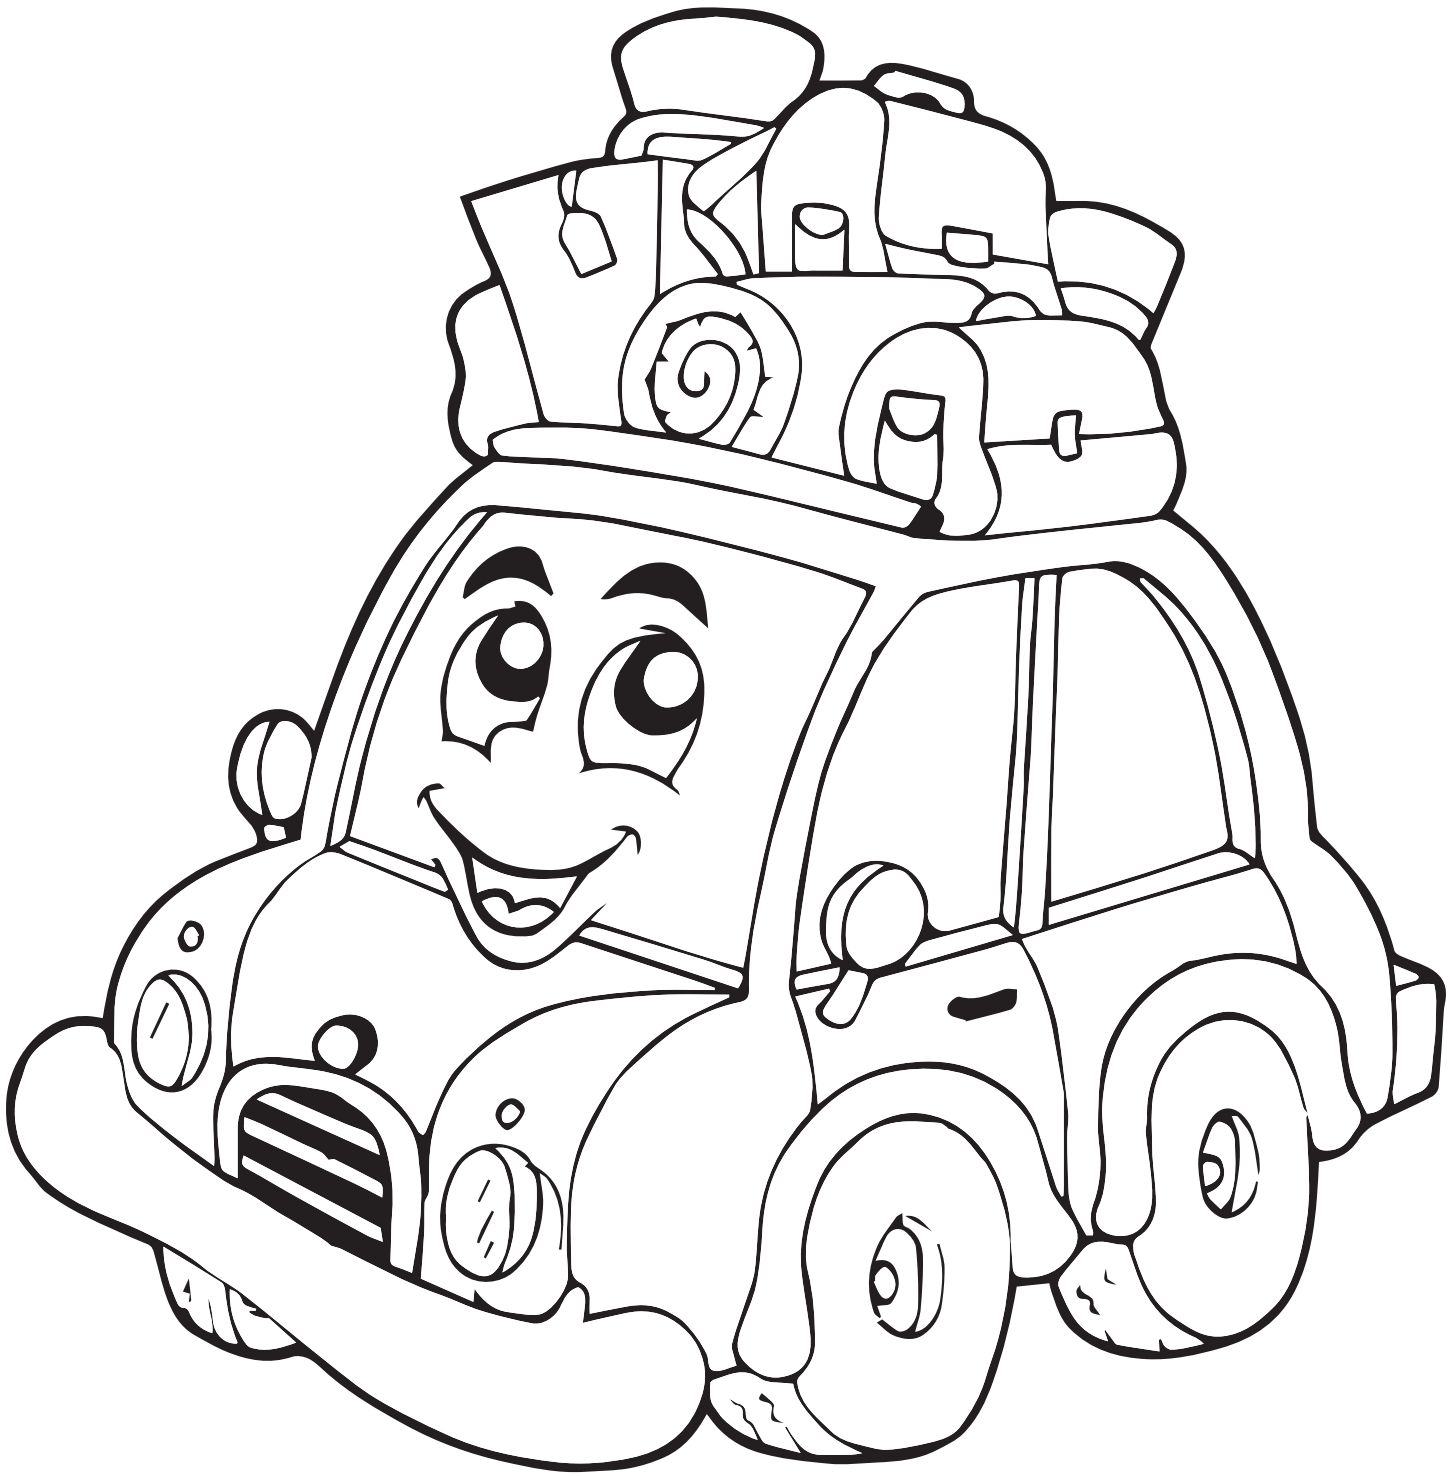

Ask your parents to have
a backup plan...

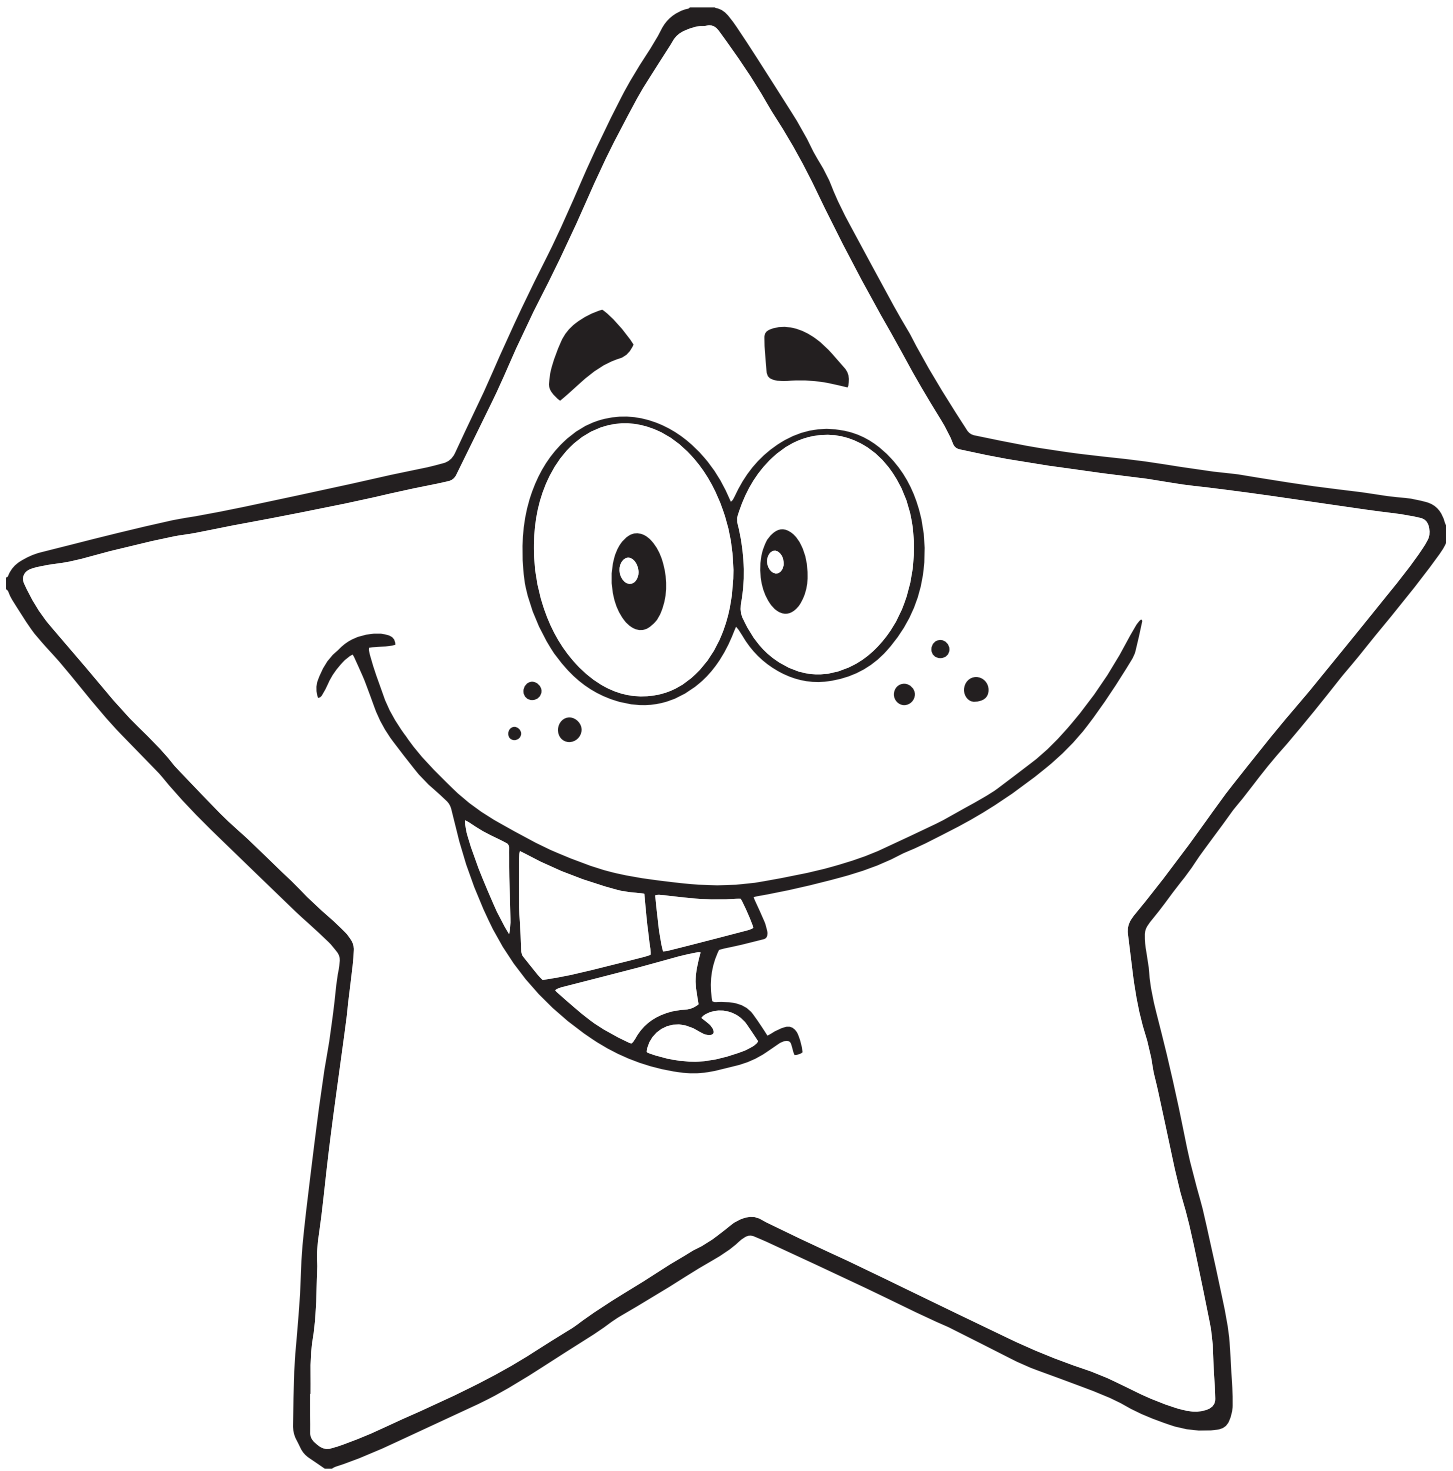

...to get you to school
whenever they can't.

Only take trips and vacations
when school is out...

...and you'll be a STAR student
without a doubt!

My plan to attend school every day:

ATTENDANCE MATTERS *and* EVERY DAY COUNTS

Help your child develop an early habit of good school attendance!
